FORWARD
1981

Smile, though your heart is aching.
Smile, even though it's breaking,
When there are clouds in the sky,
You'll get by.

Smile thorough your fears and sorrow,
Smile, and maybe tomorrow,
You'll see the Sun come shining through,
For you.

Light up your face with gladness,
Hide every trace of sadness,
And though a tear,
May be ever so near,

That's the time you must keep on trying,
Smile, what's the use of crying?
You'll find that life is still worthwhile,
If you just smile.

EACH class as it comes along, has its own individual, distinctive spirit.

The Class of '81 was no exception. With over half its members on the Honor Roll and practically all the chairmanships of the Student Council appointments in the hands of the seniors, what more could be evidence of the spirit of the Class of '81? But there is more. The Class made its 100% in the Annual Mothers' Club Raffle and was first in the upper division. The same can be said for the "Mini Raffle" and the Alumni Association Scholarship Raffle. Anything else? Who maintained the English Speech Banner throughout the year? The Seniors! Nor would the picture be complete and fair to the Seniors if their championships in soccer, basketball, and baseball were not mentioned.

Truly, they were a united and spirited Class that gave full support to what was ahead. And not least of all, the Class of '81 was a group of SJC gentlemen. It was indeed a great pleasure to have been your Homeroom Teacher and to have worked with you so closely. CONGRATULATIONS! AD MULTOS ANNOS! And WELCOME! to the ranks of the Alumni of your Alma Mater.

Life can be miserable, but friends are important for our life. So, enjoy yourself by playing sports. H.K.

I feel best when I'm running in a sunny day. I play soccer and many other sports. I will try not to forget the feeling I get when I'm running--forever. T.Y.

Our fathers helped us half way. Our mothers helped us half way. For the rest, we will have to help ourselves. R.F.

I think the most important thing for life is to have friends. A person cannot live by himself. People must help each other and think together. We must be careful of our friends. R.S.

Nowadays people change their way of speaking to me. They ask me to be an adult in society. I must do what they expect. Graduation, and I'm on my way to being an adult. K.S.

To be alive is sometimes good and sometimes not so good. I like this class. But I don't like mean people, expecially people who kill. J.E.

We just came through a small part of our lives. But our important youth is now. I want to do many things before it's too late. M.T.

I was born to be a wild kid, savage, cruel, and mad. I came here when I was six, and since then I changed my ways. I became religious, kinder than before, and gained much self-respect and respect for others. I want to continue this forever. S.K.

Hisanori Kita, Yuzo Kaneko, Ryu Jo, Masaru Iwai, Hideichiro Ishibashi

The class tries to do the best in all. Here is a goal of wellbalanced total development, a reaching for a greater capacity for goodness and love.

I like to be in the 7th grade, because I feel that I grew up again. Our class is very serious, but not always serious. We always work together and help each other and joke. One thing Mr. Chang says is this: If you do anything, do it with your heart and soul.
Takuya Sato

I want to be a great tennis player and become famous in the world. I want to be a teacher like Mr. Chang because he is a very nice and kind teacher in my 7th school year.
Masanobu Inoue

I have a wish that this world would be full of freedom. Everybody would be free and happy, and no one punished for no one would act bad. Everyone happy, no one sad--that is the world of freedom I wish.
Kenny Koo

My wish is to become a pilot of a jet plane. I love the sky. Another reason is that I can see mountains from above. It is nice to look at neon lights at night from the sky. I feel like I am a big bird flying over everything. It feels like becoming the king of the world. So I want to become a pilot. Toshihiro Cheng

I am glad that I am in this school. I like SJC because they have nice teachers, many clubs, and a good library. Now I am in sixth grade. I enjoy this school because we have bake sales, Bingo Food Fair, and many things. I came to this school to study English. Yo-Cho Wu

What are you doing? Why are you friendly? How to smile with your face? Where do we play and laugh? What is your nickname? Why are you smiling? The answer is, "Play with many friends, and then you can guess your answer!" Hirokazu Masuda

I am going to get a dog. But my father's going to buy it. I want a female, young dog. I'm going to take care of it. My father's going to buy it because he thinks he needs a guard at night or when we're out. Mr. X

I have a red and silver bicycle. It only weighs 9 kg and it is strong. It is called BMX. It's a Cook Brothers Racing bike and it is the second most expensive BMX in the United States. It costs ¥180,000. For me this bicycle is my fortune. Rowland Kirishima

A very heterogeneous class that mixes together very well, especially in athletics (little saints).

I am not happy with intramurals. I like art and the things we do. The boys are sometimes mean. The gym uniform is not very strong. I like the school because it is well put together. Matthew

My classmates are kind to everyone. But sometimes they tease me. It is fun to study. I do not like the big students because when I joke with them they think it is true and they get angry. Howard Shiau

I like best studying math. The reason is that the other subjects are a little hard, but in math I can answer easily so I like math. I like soccer and choir because I like to play sports and to sing. Ryota

I like science because you do many experiments and find out new things. I like soccer after school on Friday because it is fun to play. In art you draw and make neat things. David Larkins

I think intramurals is a good idea. But there is no one who looks after us. I think 45 minutes for a period is too short. I want to add five minutes. Yoshiaki

Yesterday Hajime came to my house and we colored a dinasaur. After we played a game and went to the park. I looked at my hand and there a blood clot broke, so I went back to my house. K. Hamano

I like to have many pets and take good care of them. If one of my pets is a horse, I would try if I could ride on it. But if I fell down, I am crazy. How about having a lion for a pet, and make it my housekeeper?But if it forgets about me and chases me, what? I'll have to escape. Mogi Muneyuki

Soccer

Led by seven returning seniors, we captured the league trophy for the first time in the SJC history. I want to thank all the members and especially the coach who together played a big role in making the Spirit of the Saints, one that burned throughout the very successful season. My very best wishes for the great successes in the coming years. May SJC soccer '81 stay in your hearts forever!

International Invitational Soccer Tournament

. . . . . 2nd place

I felt proud of the team all through the season. I knew that they would always go out and do their best. Win or lose, that's enough. There's no shame in losing as long as you've played well.

I think everybody on the team knows how much the Seniors wanted to win something in soccer this year. I know how happy they were to win the league ... I think this was a great season. I'm sure that all the Seniors (in fact all the team members) ... will look back on the soccer season of 1980-81 ... of when they were part of the Saint Joseph College soccer team that won the Kanto Plains league, and were runners-up in the International Schools Tournament. I, like them, will look back with pride.

Special thanks to the Alumni Association for the ¥100,000 donation

It was a tug of war on a hot summer day with the relentless Sun beating down. From opposite banks of the river pulled the determined forces of pragmatism and perfectionism. All the day long they fought, and fought fiercely for each and every inch. They continued locked in an escalating struggle, with teeth grinding, with voices cursing, with muscles straining, and with perspiration out pouring. And finally, who wins? The beer vender.

Thanks to Everyone for making it an interesting experience,

The Staff '81

The king is glad, O Lord, because you gave him strength;
he rejoices because you made him victorious.
You have given him his heart's desire;
you have answered his request.

You came to him with great blessings and set a crown of gold on his head.
He asked for life, and you gave it, a long and lasting life.

His glory is great because of your help;
you have given him fame and majesty.
Your blessings are with him for ever and your presence fills him with joy.

— Ps. 21:1–10 —
